

The best product
delivery solution
for e-shops

 **sveltta**
Courier Services

Who we are

A technology start-up born in Cyprus

Svelta is a pioneering technology start-up providing a-to-z solutions for businesses and **e-commerce shops** ranging from:

- ✓ Logistics
- ✓ Quick-Commerce
- ✓ Last-Mile Delivery.

Already trusted by:

What we do

Door to door fast delivery across Cyprus

door to door
Pick Up & Delivery
across Cyprus !

from **€2** per delivery
0% Commission

* 5 days delivery refers to 5 business days.

** Pick up & drop off point for 30min & 2hour delivery must be in the same city. Otherwise it goes to a next day slot.

*** If same day delivery has pick up and drop off in different cities, the request must be made by 12:00pm, after that it goes to next day delivery.

How it Works

A complicated process made simple

Customer places an order to your e-shop

Customer places an order to you via phone

Delivery Request Received

Pick Up Order

Order Delivered

A rounded rectangular box with a purple border and gear icons at the corners. It lists the following services:

- Vehicle Selection: Van | Car | Motorbike
- Route Optimisation & Driver Allocation
- Warehouse or Direct Transfer
- Customer Notification
- Confirm or Reschedule Timeslot

Live Tracking

For our partners & your customers

For Our Partners

Admin Dashboard

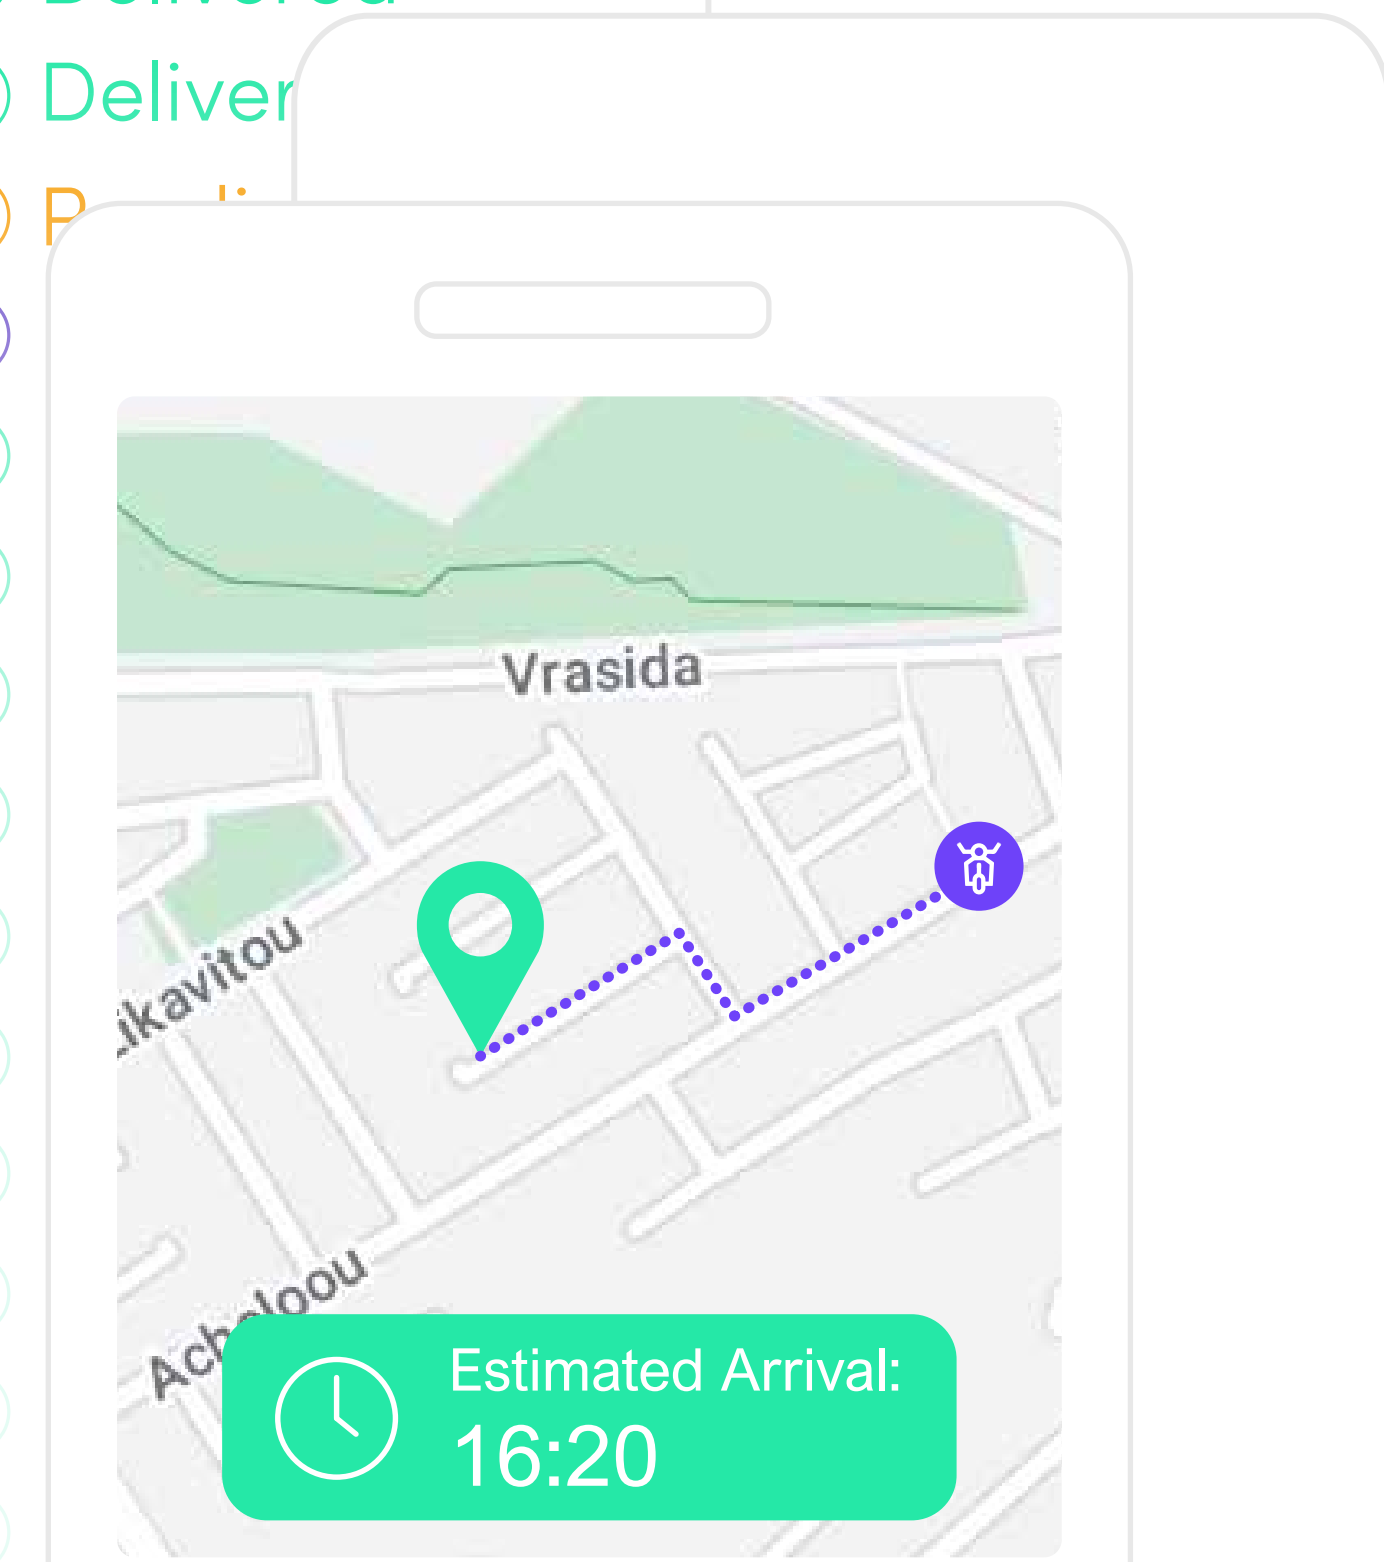

You can place new orders or view and manage all past and pending deliveries through your own admin dashboard.

For Your Customers

Live Link

Your customers can track their package through a simple link, see the status of their order & check it's live location.

Order #63456	 Delivered
Order #82343	 Delivered
Order #22532	 Delivered
Order #32857	 Delivered
Order #33456	 Delivered
Order #62343	 Delivered
Order #90532	 Delivered
Order #65857	 Delivered

Customer Notifications

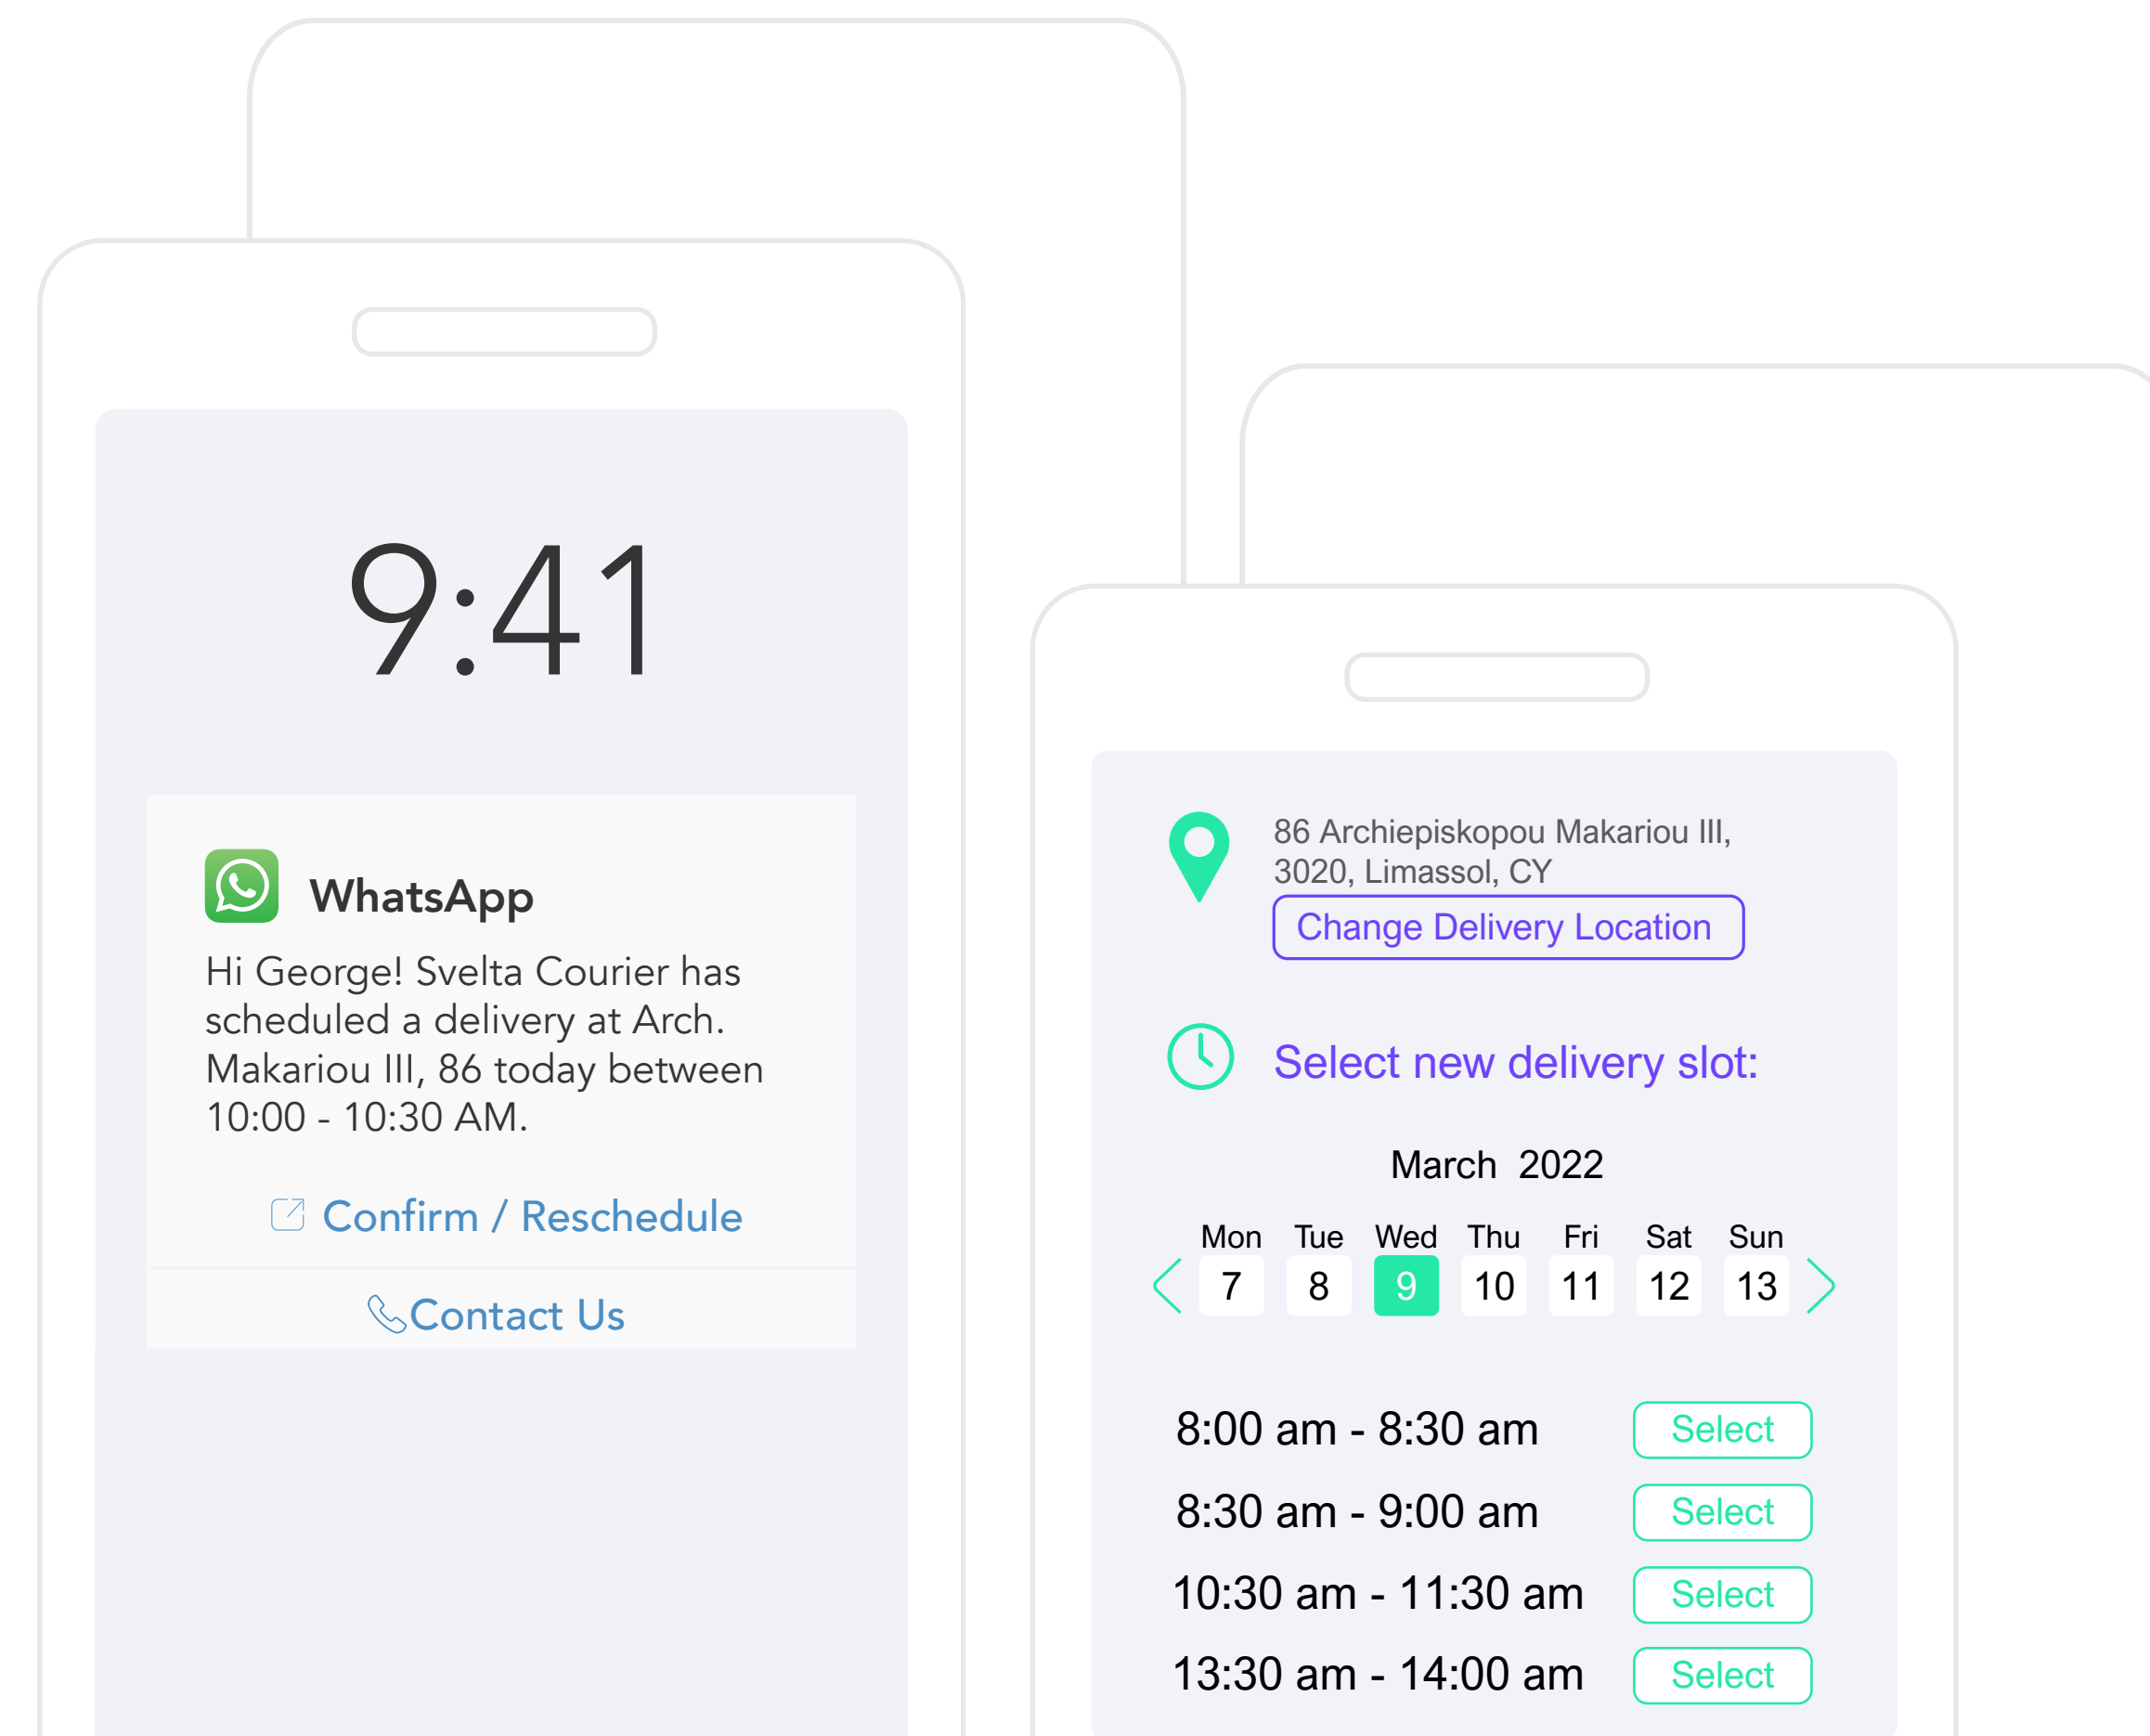

Confirm & Reschedule to never miss a delivery

WhatsApp Message

Delivery slots are communicated to recipients via WhatsApp / Viber / SMS with interactive messages

Reschedule

The recipient has the option to reschedule a delivery to a new day, time slot or even location.

API Integrations

Connect your e-shop to automate delivery requests for new orders

Our technology allows for an easy **integration with any e-commerce shop.**

From the most popular CMS to custom coded websites, we can connect your online store with our API so that all new **orders are sent automatically** to your Svelta dashboard for us to process.

Manual Orders

Full flexibility to suit your needs

Do you take orders via phone, social media or any other way?

No problem, you can always add a new delivery request via your admin dashboard quickly and easily.

Payment Options

Cash or Card on delivery

Do you wish to offer more payment options to your customers?

All our drivers are equipped with a mobile POS App and can accept **card or cash payments on delivery** on your behalf.
